The Statements herewith submitted shew the Expenditure incurred from Local Funds General & Municipal Funds during the Year 1899-1900 on account of Sanitary improvements in the several Districts, such as the removal of congested parts, demolition of houses, opening of roads & filling up Manure pits &c.

No information is available in this Office as to works for which new grant was applied for during the current Official Year. As however the Official Year is coming to a close, the Deputy Commissioners may, if approved by the Secretary, be requested to submit detailed Statements of Expenditure (if any) incurred in anticipation of Sanction

Court the matter may then be placed before the Deputy Commissioner. The Deputy Commissioner may also if approved be requested to submit details & statements of works for which grants may be needed for the ensuing year.

For the year 1900-1901, the Plague Commissioner applied for certain grants for expenditure in connection with Plague prevention measures in the several Districts amounting to Rs 51,750

The particulars of information called for by the Dewan not being available and the year having expired the Presidents were requested in Govt. P. No. 2622-31 / L.F. 93-97 dated 12 August 1901

(1) to submit detailed statements of expenditure

expenditure, if any, incurred in anticipation of sanction during 1900-1901, in connection with plague prevention measures, and

(2) to submit detailed estimates of works, for which grants might be required for the year 1901-1902.

2. From the replies received, the following facts are gathered.

As regards (1) expenditure incurred in 1900-1901, the Dy Commissioners of Bangalore, Kolar, Tumkur, Hassan, Shimoga and Kadur Districts (into which Hassan was divided during 1900-1901 in anticipation of sanction, no allotment was sanctioned for the

year. In the District of Chitaldrug, however, the sanitary condition of villages as regards sources of drinking water had to be improved, owing to the outbreak of cholera in almost all the Taluks of the District and the excess expenditure of Rs 5 4-6- 5- 2 was incurred during the year 1900-1901, as shown below the Dy Commissioner requests sanction to the same.

⊕ For this work a revised estimate has been received

May sanction be accorded to this proposal?

The Mysore Deputy Commissioner's letter is silent on this point.

2. As regards the other allotments called for as to this family required for sanitary improvements in 1901-1902, the Deputy Commissioner of Kolar considers that no funds are needed, for sanitary improvements during the current year, as it is proposed to make the village lagoons do more work periodically, as well as one during the next year.

The Deputy Commissioner of Bangalore submits detailed list of works for Rs. 15,634 and states that if Rs. 10,000 be sanctioned, such works as would

December 1901. He explained
that appearances of
cholera in all the Talukas
of the District, during
February, March and
April 1901, showed
a necessity to [illegible]
precautions of sanitary
works, and also a remunerative
suggested, works by
boring and new roads,

and lanes and by filling
up manure pits and im-
prov-ment of water sup-
ply, which has a direct
influence upon the diffu-
sion of epidemic diseases
but that the funds at
the disposal of the D.
& Board are quite
unsufficient to meet
these charges.

6 The above orders were duly communicated to the Deputy Commissioners of Districts and they were requested to submit well-considered proposals for improving the sanitary condition and drinking water sources in villages within the limit of Rs 5000 for each District before the end of October 1902. From the detailed lists accordingly received, a classified abstract for each Local Fund Circle is appended ~~hereto~~, from which it would appear that the aggregate cost of works proposed to be executed comes to Rs 45130 or Rs 5130 in excess of the amount

Proposed by Court

The correct total,
of the cost of works proposed
by the Divisions of Chitradurga
and Kadur come to Rs 10207
and 5013 and not (Rs 11707 and
5000 respectively as erroneously
entered in the lists of works.
The explanation is given

by the Dy Com^r of Mysore
in regard to the necessity
for the large excess of
Rs 5207 proposed by him,
but as regards the small
excess of Rs 13 in Kadur,
the Dy Com^r evidently wishes
to reduce the cost of works
in the Chickmagalur Taluk
by Rs 13. so as to bring the
cost of works to the grant
promised The Dy Com^r of
Hassan states that the list
he submitted, includes the
sum required for the
completion of the incomplete
works of previous years
sanctioned out of the "rural
sanitation funds" and that
selection of villages on account
of drinking water wells has
been based upon the repeated

Repeated requisitions of the
villagers, who are unable
to provide funds for the
and upon the completed state
of the finances of the Korean
Central Funds. In the
Katabedang Local Fund
Circle, out of the total
cost of Rs 10,000 for works
to be executed, only Rs 5000,
or nearly one Rs 1598 is
for works already
completed & pending settlement
& completion bills & includes
Rs 1149 for the Kamalapur
well in regard to which
a separate memo is submitted
for orders and the balance
is for incomplete and fresh
works.

2 From engineers note
in the Completion file's office
it is ascertained that the

19. balance in favour of Local Funds General on 1st July 1902 is about Rs 2,44,000 in round numbers. Adding to this the estimated receipts for 1902-1903 viz Rs 1,08,000, the sum available for expenditure during the current year is Rs 3,52,000, from which the cost of works proposed may be sanctioned

9. May sanction be therefore accorded to the lists of works proposed for all Districts, except Mysore and to the [illegible] being met from Local Funds General as a grant-in-aid to the District Funds, the Dy Comr of Mysore being required to remove the lists for the Mysore and French Rocks

Works jewelers so as to bring their aggregate cost to the limit of Rs 5000, which will be placed at their disposal as granted from L. I. General, and to push them on to complete before the end of the year.

2 It is respectfully submitted that the above list of works were due in this office on 31/10/02, but most of them were received long after the due date, the tests for the Mysore District having been received so late as 11/2/03 after the issue of 7 reminders.

2 The amount shewn in the list A also includes the sum required for appropriation to -wards incomplete works of previous years sanctioned out of the rural sanitation funds.—

3 — I have selected the above list of villages having due regard to their importance configuration of the dwellings and so forth and they are such as I have personally inspected carefully. Indeed, I should think that with the small amounts applied for much cannot be done all at once, but I hope that a careful application of the funds in the proper direction will do far enough to improve their present condition—
